

Briar Woods Crew needs YOUR Support

The Briar Woods High School crew team has embarked on its 2019-2020 season, which is the 10th season in the program's history. Rowing is a remarkable sport – in fact, it is the fastest growing sport in the United States. Rowers expend more energy per unit of time than marathon runners, and they are forced to push themselves physically, and mentally, to levels most never thought they could achieve.

In Loudoun County, crew is a varsity sport at the schools which have teams – and Briar Woods was the first rowing team in the county when it was established back in 2010. The program has made steady progress through the years, and our boats have had increasing success. ***This past Spring, our Novice Women's Four boat won 1st place at the Virginia state championship regatta!***

Currently, crew is a “Tier 3” varsity sport – the only such sport in the county. Crew does not receive **any** financial support from the county. The team is funded entirely by the families whose children participate in it – and by our generous donors and sponsors.

In the last two years, we have replaced boats/shells and a boat trailer as old equipment was past its lifecycle. Each new boat/shell costs as much as a new car, and with such a heavy investment in equipment, we are looking to raise funds to help offset the payments on these boats.

Please consider contributing to our club or even a sponsorship. Any gift/contribution is GREATLY appreciated. Money contributed goes directly into program costs to help our team be the best it can be. Moreover, your donations are tax deductible to the fullest extent permitted by law. Details on our sponsorship levels can be found on the attached sheet.
