## INSTRUCTIONS

Volunteers for all VASRA regatta jobs MUST sign in at the VASRA volunteer desk near headquarters one hour before the shift start time. An exception to early sign-in applies if the job begins at 6:00 a.m. or earlier. The second shift start time will be the break. The time of the break varies based on the number of entries and events. The break will be clearly marked on the heat sheets available on the VASRA Web Site. On regatta days, changes to the schedule will only be broadcast on twitter. If you don't wish to open an X account, the VASRA X feeds also post to the [VARA website](#).

At the building past Regatta headquarters ( $\frac{3}{4}$  down the hill opposite the boathouses), on the right-hand side of the road, you will find the volunteer coordinator tent. There are large signs identifying the location. All volunteers are expected to sign the attendance sheet and insurance waiver. You will then be instructed as to where to report. **It is possible that you may be reassigned to another job.**

At the Charlie Butt, volunteers sign-in on the 2nd floor of the Thompson Boat House.

VASRA understands that you are there to watch your child row; you may ask to be temporarily released from your duties to watch your child race. Please work with the local organizing committee (LOC) lead at your position (the Volunteer Coordinator if you don't know who that is). Please return to finish your shift.

Your school will be penalized (fined, not allowed to participate in future regattas) if you don't fulfill your volunteer requirement.

## DRESS

Most of the volunteer jobs are located outside. Anticipate inclement weather and wear layered clothing (the temperature can change as much as 20 degrees) and a hat. Gloves are also recommended. Please wear an outer layer of waterproof clothing if rain is in the forecast. Even the jobs in the HQ building and the Finish Line Building will expose you to the cold weather. Additional items may be listed for specific jobs.

You may wear school colors with the exception of red at certain VASRA jobs. If you have a Job that is on or near the water (including the Start Platform and the Finish Line), you are asked not to wear red. Red is used by the referees to indicate danger or that a race has stopped - wearing red on or near the water, may confuse the athletes and cause them to stop rowing.

## PARKING

Volunteers are allowed to park at Sandy Run for Free. It is advised that you review the schedule and note what days are using block scheduling, advance boats, and other restrictions and volunteer for the regattas and times your child will be rowing at. It is common for rowers to move between boats/events during the season - your club may be willing to work with you to move your volunteer slot to accommodate the change.
